Dear John:

This is to invite your participation with other Washington-  
community policy and intelligence officials in a three-day conference ☐ 25X1  
☐ 11-13 August 1982, 25X1  
on nuclear security and proliferation-related issues with emphasis a) on  
the policies of nuclear supplier/weapon states and b) developments in the  
Near East and South Asia.

The conference will provide the opportunity for policy people to  
concentrate attention on what is being done on the intelligence side,  
how well, and changes that might be made. We will be trying to build  
a common understanding of the main issues in planning policy, conducting  
assessments and directing collection activities. Policy officials mostly  
at the level of assistant secretary and below as well as representatives  
from the collection and production elements of the Intelligence Community  
will be invited to attend the conference (copies of the invitation list  
and the tentative conference agenda are enclosed).

Background materials and discussion papers will be furnished upon  
arrival at the conference. ☐ clearances will be re- 25X1  
quired of all participants. Transportation, meals, and accommodations  
will be provided.

Please call ☐ as soon as possible, but 25X1  
no later than Friday, 25 June 1982, to confirm your participation and to  
make arrangements for transportation to and from the conference.

Sincerely,
